DOGS IN BELL PAY MORE TAX THAN COAL

Remarkable Condition In Big Fuel Producing County Is Told By Bob Crowe

(Courier-Journal)
Dogs of Bell county, the home of Joseph F. Bosworth, coal operator and Speaker of the House of Representatives, are yielding more in taxes to the state than are the many rich coal mines and their equipment in the county.

This statement was made yesterday by Robert T. Crowe, Lagrange, former Speaker of the House, and author of a production coal tax bill which was passed in the House of Representatives during the 1917 special session of the legislature and which was defeated in the Senate.

Mr. Crowe is an advocate of a tonnage tax on coal. He also is a champion of good roads movement, and advocates a special session of the legislature this winter in the interest of good roads, he said yesterday, provided the legislators can be committed in advance to a tonnage tax on coal.

Referring to recent interview from Mr. Bosworth in which he said he was making a profit of \$2 a ton on coal taken from his mines Mr. Crowe said that while his tonnage tax bill was in the legislature representatives of the coal mining interests appeared before the committee considering it and they would be satisfied with a profit of 10 cents a ton on coal. In view of the fact that the coal operators are now making twenty times that profit, they could well afford to pay a production tax of 10 cents a ton at the present time, Mr. Crowe said.

Because coal prices are abnormal just now and are bound to recede, cutting profits, Mr. Crowe would not have the legislature provide for a fixed tonnage tax on coal. Instead, he said yesterday, he would favor a law empowering the State Tax Commission to fix the amount of tax to fit conditions the minimum to be 2 cents and the maximum 10 cents.

CUTTING VAULT OUT WITH GAS TORCH

A crew from Timmins and Waters, machine shop experts of Lexington, has been at work cutting the old vault at the Southern National Bank to pieces so that it can be removed from the building. It was necessary to cut it out with an acetylene gas torch, and the work was hot and arduous. The steel vault is being cut into sheets and these have been purchased by Boggs, Burnham and Company, to line their rock cars at their big quarries at Yellow Rock.

Several big steel girders have been put in the bank building during the past day or so, and the office is being enlarged and greatly improved. With the new vault and new directors' room built in the rear, the banking rooms of this popular old financial institution are going to be very attractive and commodious. Cashier R. M. Rowland and his directors are determined to do everything possible for the comfort and convenience of their patrons.

COUNCIL THURSDAY NIGHT

The regular meeting of the city council will be held Thursday night and indications are that there will be considerable business of a routine nature on hand. It is expected the final acceptance of more of the street work will be made and matters carried over from the last meeting given consideration.

IF you are thinking of having a sale, call 827 and talk the matter over with Col. J. H. Pearson.

MARTIN ARRIVES; TRIAL ARRANGED

(By Associated Press)
Louisville, Nov. 30—George L. Martin arrived in Louisville early today from Dallas, Texas, in charge of officers, to answer to 19 charges of embezzling funds of the German Savings Fund Building Association, of which he was former secretary.

A squad of plain clothes men escorted him from the train to a gate at the Seventh street station, and a cordon of policemen lined the way from the gate to the waiting police patrol. Martin, however, was allowed to ride with his brother to a restaurant for breakfast and from there to the county jail. Three hours later he was taken to the criminal court building where he waived arraignment and three cases against him were set for trial January 18. Martin looked haggard and worn.

PONZI GETS 5 YEARS

(By Associated Press)
Boston, Nov. 30—Charles Ponzi, promoter of a get-rich-quick scheme, in which thousands of persons invested millions of dollars before it collapsed last August, pleaded guilty to using the mails in a scheme to defraud, in federal court here today, and was sentenced to five years in the county jail. There are 43 other indictments against him.

FIRE 15 SHOTS AT TOBACCO THIEVES

(By Associated Press)
Danville, Ky., Nov. 30—Watchers last night fired 15 shots at two men who were discovered looting the tobacco barn of Rufus Kern and W. K. Sleet near here. The men escaped with a truck load of tobacco.

Farmers of this vicinity suffered such heavy losses at the hands of tobacco thieves who visit the stripping barns at night and usually carry loot away in trucks, that they are organizing a protective association and plan to police the barns until the crop are sold.

An investigation of the necessities of Mexico is said to be productive of the fact that the republic is suffering more from illiteracy than anything else.

HUGH SAMUELS TO RAID IN LOUISVILLE

Hugh Samuels, of Richmond, has been transferred to Louisville, where he will work in the prohibition enforcement department of the internal revenue collector's office. Mr. Samuels has been doing fine work raiding moonshiners' stills in the eastern district, and this attracted attention of his superiors so that he was sent to Louisville to help run down saloonists there who are alleged to be violating the prohibition laws. He takes the place of B. P. Epes, of Richmond, Va., who was transferred to Lexington, where it is said a new drive is to be made to catch those who are putting out hooch.

Federal court at London this week, was occupied principally with whisky cases, according to news from there. Over 100 convictions are said to have resulted and \$3,200 collected in fines from 'shiners and others who engage in the business, it is said.

\$250,000 FIRE CUTS CADIZ, TRIGG COUNTY

Cadiz, Ky., Nov. 30—Half of the Cadiz business district was destroyed by fire which raged for four hours Monday afternoon, with a loss exceeding \$250,000. The court house, a bank, the city's largest department store, a hotel, and a dozen other business houses were leveled, and others damaged. Stocks of goods and equipment of every store and office in the business section were dumped into the streets, as it appeared that the whole downtown district was doomed until a slow rain fell late in the afternoon.

The dropping of a match by a negro boy in coal oil poured on the ground behind a tailor shop, started a blaze which ignited an engine house in the rear of the Cadiz Hotel, to which the flames spread.

The fire started at 1:30 o'clock and it was not until 5 o'clock that it was under control.

Handicapped by low water pressure and a high wind, the fire department aided by volunteers, fought a desperate but losing battle as the flames spread from the hotel block on Main street to a block running diagonally with this street. Driven by the wind, the flames leaped the space to the court house, located in the center of the square.

Negro Suspect Held

(By Associated Press)

(By Associated Press)
Dorholm, Holland, Nov. 30—The former Empress of Germany is ill with a heart attack here, it is reported today, and is sinking. August William, her fourth son, arrived today.

11 OIL CARS BURNS

A spectacular fire near Duckers, east of Frankfort, destroyed 11 tank cars filled with oil late Monday afternoon, and necessitated the detouring of passenger trains by way of Versailles. One car was derailed and an explosion followed. In an instant the wrecked car and those next to it were in flames. The freight crew succeeded in saving 34 cars by uncoupling them. It is thought about 400 barrels of oil were consumed.

SPORT PROGRAM TO BE EXTENSIVE

Basket Ball Teams Galore, Soon To Materialize With Madison High As Training Place

For the first time in a number of years there will be a girls' basketball team representing Eastern Normal, in fact, there will be two, one representing the Model High School and the other the college proper. The latter is expected to be one of the strongest in this section of the state, when the practice work admits of the aggregation to going well.

Miss Catherine Hammond, well versed in such work relating to athletics, will have charge of the teams, and regular practice will be taken up at once. The organization of the teams is practically complete and it is said there is much good material represented in both teams.

Through Prof. J. Howard Payne and the members of the board of the Madison High School the use of the new gymnasium has been tendered the Normal students for practice and this will enable them to get busy immediately. Had it not been for this, there would have been a limited schedule for basketball during the winter months. As it is, there will be special games booked soon, and the teams from the Madison and Model schools will be able to furnish practice for each other, and this will also be taken up soon. The Normal aggregation is expected to be able to hold its own with any other aggregation of its weight in this section of the state.

The boys' teams are being organized and will soon be in evidence. The athletic program for the Normal, as well as the Madison High school, will soon be formulated, and it is believed there will be a list of interesting games booked for the winter months. The work is to be started with the intention of making all aggregations the best possible under the circumstances since excellent practice quarters have been secured.

THREE BIG PRIZES GIVEN IN CONTEST

Much interest is being manifested in the Christmas Holiday Contest which is now going on at Muncy Bros. store. Three big prizes are being offered to the ones sending in the greatest amount of business.

Already there have been a large number of contestants entered including the following ladies: Miss Lula Rhodus, Mrs. Friend, Miss Marietta Davis, Miss Nancy Davis, Miss Rosa Davis, and Mrs. E. F. French.

In the children's contest a splendid prize will be given, and the contestants who have already started working for the prize are Mary Riddell, Lillian Bower, Jas. Arthur Riddell, Earl Wallace Riddell, Earl Turpin, R. K. Stone, Jr., Kermit Vanarsdall, Mary Carrier, and Nellie Cornelison. The prizes consist of a White's Sewing Machine, Hoover Vacuum Cleaner, and a Victor Talking Machine, besides the prize for the little folks. The contestants are working hard soliciting their friends to do their shopping at Muncy Bros. during the Christmas holidays, and help them win one of the prizes.

MRS. GEO. H. MYERS BREATHE HER LAST

Friends were grieved to hear of the passing of Mrs. George H. Myers early Tuesday morning. Though she had been critically ill for many months with a complication of diseases which had caused her family much apprehension and anxiety, it was not known the end was so near.

Throughout her long illness she was never heard to utter a word of complaint and exerted every effort to be as little trouble as possible to her loved ones and friends who have watched at her bedside for many weary weeks.

Mrs. Myers was a most devoted wife and mother and was a most loyal friend and neighbor, never considering any sacrifice too great for her friends. She was 58 years of age and had been a member of the Christian church since her girlhood. Surviving here are her husband, a daughter, Mrs. J. Tevis Hugely, of Middlesboro, and George H., Jr., and Melvin Myers, of this city. Before her marriage she was Miss Annie Bailey, of Mercer county. She was a consistent member of the First Christian church.

Funeral services will be conducted at the family home in Burnamwood Wednesday afternoon at 2 o'clock by Revs. H. W. Carpenter and R. L. Telford, interment following in the Richmond cemetery. Pallbearers will be: E. F. Soper, S. A. Carroll, J. H. Carroll, Z. B. Myers, R. W. Colyer and N. B. Deatherage.

WILL ATTEND NEW HOTEL OPENING

Quite a number of local folks will motor to Lexington Thursday for the opening receptions of the Lafayette Hotel, built by the Mason & Hanger Co., of this city, and managed by that prince of good fellows, Len B. Shouse, who has so many warm friends here. The opening will last practically all day, the formal hours having been given in an announcement in the Daily Register Monday. The new hotel is a beauty in every respect, with every modern convenience and comfort. It has cost over \$2,000,000 and will fill a long felt want in the queen city of the blue grass.

COL. R. M. CHENAULT'S 67TH BIRTHDAY

The Fort Schott, Kansas, Tribune, had mention November 27, of the celebration of the 67th birthday of Col. R. M. Chenault, a native of Madison county, and a brother of Jason and William Chenault, who lived here many years ago. The Kansas paper said:

Col. R. M. Chenault is in receipt of more than a score of letters from friends scattered far and near congratulating him upon his 67th birthday, that occurs today, the 27th. Dr. Greene, for more than a quarter century president of Wm. Jewell College, Liberty, Mo., writes:

"I want to congratulate you heartily upon your 67th birthday. You have been of great help and comfort to me, and I owe you a debt of thanks. I love you and pray God to spare you many more years to come."

Mr. Black, secretary of the Baptist Missionary Convention, Illinois, writes: "Have just learned that your birthday occurs on the 27th. Have met you for several years in Colorado, and never enjoyed the acquaintance of any person living more than yours." Rev. Chas. Fulton, of Colorado Springs, writes: "Have just seen in the paper that your birthday occurs on the 27th. Mrs. Fulton and I want to congratulate you, and wish for many happy returns. Mrs. Fulton says that you make the best prayer that she ever listened to, and wants you to be sure and return next summer."

R. M. Cannon, president of one of the largest banks in Texas, writes: "For eight years I have met you in Colorado, and enjoyed every minute that I have spent in your company. May God spare your life many years to come." R. D. Veaze, secretary of the largest implement store in north Texas, writes: "Mr. Cannon informs me that your birthday is on the 27th. Mrs. Veaze and I want to extend congratulations. We met you last in 1917 in Colorado. We often talk of you and want you to come and spend a week with us before Christmas." R. C. Smith, cashier of a bank at Chickasha, Okla., writes: "How much pleasure it would give Mrs. Smith and myself to be with you on the 27th. We feel that we are indeed fortunate to have met and known you. We are so glad to know that you expect to be in Colorado next summer. With best wishes we beg to remain your good friends."

ANNUAL FARMERS' MEETING IS CALLED

The annual farmers' meeting will be held at the College of Agriculture, Lexington, the first four days in February. Preparations are already under way to make this the best that has ever been held in the state of Kentucky. Lectures and demonstrations will be given in home economics, tractors, beef cattle, sheep, hogs, poultry, dairy, horticulture, plant diseases, soils, crops, farm management and marketing. Able speakers will be brought in to speak on these various phases of agriculture and demonstrations will be conducted wherever possible. Last year John Gosling from St. Louis gave a demonstration in the cutting and dressing of meat. The farmers were given an opportunity to estimate how much meat the purebred, grade and the scrub steer would dress. These steers were slaughtered and the farmers given an opportunity to see exactly how the various animals dressed out. Demonstrations of a similar nature will be given this year and the livestock associations will be given an opportunity to hold their regular annual meetings, having some out of state speaker to address them and a banquet will be given in the evening.

BOYS CHARGED WITH KILLING THEIR FATHER

Jackson County Lads in Jail At McKee. Said To Have Beat Him To Death

McKee, Ky., Nov. 30—Beecham Smith, about 16 years old, and his younger brother, are in jail here charged with beating their father, Sim Smith, to death with rocks. Their home is near Clover Bottom.

Lewis Cunagin will open a restaurant here in a few days.

Attorney L. C. Little was in Richmond last week on business.

Elise Fowler and Sula Llewellyn were home from E. K. S. N. for Thanksgiving. Roy Hornsby and Fred Sparks were home also. Charles Laimboat spent last week in Cincinnati with friends on his vacation.

Lloyd Llewellyn was in Lexington last Saturday.

There was a large crowd out to the community meeting last Friday.

GOVERNOR MORROW COMING TO RICHMOND

President T. J. Coates, of Eastern Normal, is home from Louisville, where he called on Governor Morrow, and the latter stated he would accept the invitation to come to Richmond and deliver the chief address at the laying of the cornerstone for the girls' dormitory on December 18. This event will be attended by other officials interested in the institution besides the members of the board of regents, which will be in session upon that date.

The last session of the general assembly appropriated \$150,000 for new buildings at the two normal schools. The girls' dormitory will accommodate 140 students.

President Coates stated that the school was experiencing one of its best years and that the enrollment is 50 per cent more than at this time last year.

SCHOOL SURVEY BY NORMAL FORCE

Prof. W. J. Jayne, of the Eastern Normal, together with ten boy students, have gone to Letcher county where a complete survey of schools will be made. The boys will visit every school in the county with the instructor and assist very materially in the work. There will also be assistance rendered by the teachers of the various schools and the work will require some time. The importance of the work reflects upon the ability of the local students. It is not the first work of the kind for Prof. Jayne. The records will be sent in to the state headquarters for compilation. Other counties are preparing for the survey, which is to extend over the entire state, making one of the most complete jobs ever undertaken here.

VALLEY VIEW BUDGET

(Reported by J. C. Cuzick)

J. C. Cuzick, of Valley View, was in Richmond Tuesday and said he had been so busy he had almost forgotten to pay his taxes, hence his hurried visit to the city. After calling at the office and settling his tax account, he stated that Valley View residents were enjoying considerable game which was being brought in by hunters and that general health was good. The tobacco crop was the same, with a good quantity reported in that vicinity. There are a number of improvements being made at Valley View and in that neighborhood. The L. & N. railroad company is improving the track generally and a few new buildings are going up. There is less spring wheat than usual, he reports, this crop never being extensive in this locality.

RHEUMATISM

LEAVES YOU FOREVER

Deep Seated Uric Acid Deposits Are Dissolved and the Rheumatic Poison Starts To Leave the System Within Twenty-four Hours.

Every druggist in this county is authorized to say to every rheumatic sufferer that if two bottles of Allenrin, the sure conqueror of rheumatism, does not stop all agony, reduce swollen joints and do away with even the slightest twinge of rheumatic pain, he will gladly refund your money without comment.

Allenrin has been tried and tested for years, and really marvelous results have been accomplished in the most severe cases where the suffering and agony was intense and pitiable and where the patient was helpless.

Mr. James H. Allen, the discoverer of Allenrin, who for many years suffered the torments of acute rheumatism, desires all sufferers to know that he does not want a cent of anyone's money unless Allenrin decisively conquers this worst of all diseases, and he has instructed all druggists to guarantee it in every instance.

BREATHITT COUNTY MEN

RECENTLY CONVICTED

There were fewer Jackson county men convicted at the recent session of the United States federal court than reported, a number from Jackson, Breathitt county, instead of Jackson county being the violators. These included Grant Godfrey and Grant Gumm, convicted of manufacturing whisky in a mine; Lyman Carter for manufacturing whisky and selling the product, and John Grigsby for general violation of the prohibition laws.

Reports from the Jackson county authorities are to the effect that the violations are growing fewer and the operations of the federal agents are more vigorous. Indications are that there will be few violations since the heralding of the report of the United States court here. Many of those in this as well as Breathitt county who have hitherto been identified with the work are said to have been moving from the vicinity.

OUR Big Contest

for the Holidays is Creating Interest

There have been a good number of the ladies of this community who have entered the contest and judging from the way they have been working, the contest promises to be one of the most exciting we have ever held.

WE ARE GOING TO ASSIST THE WORKERS

In order to help the contestants we are going to do our part. Here's how we do it—For the Holiday season from now until after Xmas, we are going to offer—

SPECIAL PRICES

on practically everything we have in stock. This means that every article will be marked down from the regular price, and that you will be able to save at least—

TWENTY PER CENT

on most all of your purchases. This will be a great help to the contestants, who can assure their friends that they can buy anything for the home cheaper here than anywhere else in this territory.

There is still time for new ones to enter the contest. It costs you nothing to work in the contest—and for your efforts you stand a good chance of winning one of the Three Big Prizes which will be given to the winners on December 24th.

Don't forget that a big reduction is being offered on our stock from now until after Christmas.

Get Your Winter Eggs And Be Very Careful

One of the most important objects in the production of winter eggs is the fowls themselves. You cannot expect eggs from an ill-kept flock. Blood will tell the tale. A pure bred chicken will pay if given a half chance on any farm. For winter layers the early hatched pullet is always the best among the young chickens and if the farmers have culled their flock and eliminated the early molters and undesirable, those that are left, combined with the early hatched spring pullets will make a very satisfactory farm poultry flock for the production of winter eggs.

Month's Mind Service
Frankfort, Ky.—One hundred priests of the Covington diocese, attended the Month's Mind service—prescribed memorial service 30 days after death—for the Rev. J. E. O'Dwyer, deceased Frankfort clergyman.

Protect Fruit Trees From Rabbit Attacks

Farmers of Kentucky are urged not to forget the young fruit trees and protect them from rabbits and other rodents that may know the bark during the winter season. A small piece of wire netting can be fastened around the tree so that it will be impossible for a rabbit to peck them, corn stalks or tobacco stalks can be tied around the tree, which will also serve as a means of protection. A thin veneer board can also be fastened to the tree and insures protection. In case the wire netting is used and if it is cut large enough so that it will make a band around the tree, it should protect the tree for several years. In corn or tobacco stalks are tied with wire, be sure and remove this wire next season, as this is very liable to cut into the bark and cause an injury which may mean the life of the tree.

Stomach Out Of Order? Try NR

Nothing Better to Straighten You Out After Eating Too Much. Livers, Regulates Bowels. Acts Pleasantly. Guaranteed.

Many people eat too much every day and most eat much too much some days. That is why Americans suffer more than any people in the world from indigestion, biliousness and constipation. With a little thoughtfulness and care, however, a great amount of this distress could be avoided and you'll never realize how true this is until you become one of the several million people of this country who keep a box of Nature's Remedy (N.R. Tablets) constantly on hand and use it whenever indigestion, biliousness or constipation threatens. Unlike laxative purges, cathartics, such as oil, calomel, etc., which merely force bowel action, Nature's Remedy exerts a beneficial influence upon the entire digestive and eliminative system—the stomach, liver, bowels and even the kidneys. Its purpose is to promote vigorous and harmonious action of all the organs that handle the food and body waste. That is why the results which follow the use of Nature's Remedy are always a delightful surprise to those who first try it. The action is prompt and thorough, is as mild and gentle and pleasant as Nature herself, and the thorough cleansing the body receives brings a feeling of real relief and benefit such as no laxative pill ever produced for anyone. Get a 25c box of Nature's Remedy (N.R. Tablets) and try it. There is no risk in doing so, for it must give you greater relief and benefit than any liver or bowel medicine you ever used or money back instantly. It is sold, guaranteed and recommended by your druggist.

Place Early Order For the Garden Seed

The Kentucky farmer who wants to raise the best garden in his neighborhood will take time to figure how much seed will be needed for the different kinds of vegetables in 1921 season and will order these seeds from some good reliable mail-order seed house. It is the hit and miss gardener that is willing to take a chance on picking up any old kind of garden seed and planting it expecting to have a large crop of vegetables. Various tests and experiments have been conducted which show conclusively that certain varieties of vegetables will do well in the state of Kentucky while other varieties will not, and the College of Agriculture is ready to give out this information, as they have made extensive tests which will enable the farmer to know good varieties of vegetables.

IMMIGRATION BOARD

WASHINGTON, Nov. 29.—Senator Sterling, Republican, of South Dakota, member of the senate immigration committee, announced on return here today from New York that he would introduce at the coming session a bill creating a federal immigration board with power over all questions relating to immigration, and including the right to decide the number of immigrants to be admitted to this country.

Sterling said two fundamental reasons for restricting immigration today were: One to continue American labor at a high standard and to shut out radicals.

DON'T BURN FALLEN LEAVES

Don't burn the leaves. To do so, says the Paducah News-Democrat, means to destroy the most valuable of fertilizer ingredients known to man—nitrogen. Beside being the most valuable nitrogen is the most expensive of fertilizing elements and most difficult to secure in commercial form.

Flower gardens, rose bushes, strawberries, raspberries, fruit and ever shade trees should receive a mulch of the leaves as they fall from the trees. Be careful that the mulch is not raked too high about the trunk of the tree as rats and mice sometimes make nests in the leaves and during the winter, when food is scarce, gnaw the green bark for food.

If there is a great abundance of leaves rake them on the garden this fall, any depth and then turn them under in the spring. If this is continued each year the garden will need little each year for fertilizer.

GROWTH OF STATE SOON TO BE SHOWN

What Clay County Has Done During Past Ten Years Is But Sample of Progress

The preliminary census regarding agriculture, which is beginning to be reported, has some interesting data regarding Clay county. One is the fact that there are 3,088 farms in the county during this year against 2,916 ten years ago, and of these white farmers operate all but 51. This county improvement is said to be but one of many to be reported.

The decrease in colored farmers is a very noticeable feature. There are 1,863 operated by white owners and managers, while 1,212 are operated by white owners and managers. The increase in both white managers and owners has materially increased during the past ten years.

The total number of farm acres is 250,128, of which 109,492 are under cultivation, showing an increase of more than 100,000 acres during the past ten years. There has been an increase in the quantity of livestock, with the exception of sheep, which has fallen very perceptibly, the number at present being but 4,641, against 7,250 ten years ago. Horses, cattle, mules and swine show an increase, and the principal crops, which are, corn, hay, oats and tobacco, show a decided increase, especially the latter, which has multiplied almost five-fold during the past ten years. Of corn there are practically 34,110 acres being harvested, bringing 655,573 bushels; oats, 3,268, bringing 24,795 bushels; hay, 6,355, bringing 5,367 tons; tobacco, 554 acres against 132 acres ten years ago, bringing 413,684 pounds.

The value of land and buildings during the present year was approximately as follows: January, \$4,644,367.

Two counterfeiters with about \$2,000 in finished bills were captured while in their room at work in Cincinnati by detectives.

Here Is a Fine Laxative For a Little Baby

Millions of Mothers find Dr. Caldwell's Syrup Pepsin safe for infants

WHAT young mother has not often asked herself the question, "What is the best thing I can give my baby for constipation?" It is every important question, as constipation is the basis of most ills of infancy and childhood.

Give half a teaspoonful of a combination of simple laxative herbs with pepsin. You can obtain it at any drug store under the name of Dr. Caldwell's Syrup Pepsin. It is a mild, gentle medicine that children willingly take, and a bottle that costs only sixty cents is enough to last an average family several months.

Dr. Caldwell's Syrup Pepsin has been used by millions of mothers, for the prescription has been sold in drug stores for thirty years. It is the same prescription Dr. W. B. Caldwell, who is now in his 82nd year, used in his extensive practice for half a century. It is the largest selling liquid laxative in the world. Last year eight million bottles were bought in drug stores. You can make no mistake in giving Dr. Caldwell's Syrup Pepsin to your baby.

Moose Head Lake
Maine

PETE, HERE'S WORD FROM THE WOODS!

Certainly slipped on not tipping you that Mr. Bacon invited me to join his shooting party up here. Arrived at his Northeast Carry camp at sunset yesterday. And a riot started before we squared up to the venison steak! Listen, old bull pup—my tale's short!

Bleak Nixon, chief guide, while unpacking, made the terrible discovery that all the Camel cigarette supplies had been swiped in transit! Never heard such a howl as the whole outfit set up! Nixon swore in Indian-plus-Canuck! Just wouldn't be pacified! Bleak's been rooting for Camels since November, 1915. Says there never was such smoothness, or refreshing flavor, or mild body in a cigarette as Camels provide! (Pete, Bleak is O. K. on that). While the row was on what does Nixon do but hop into his canoe and disappear into the depths of the dark, dank night!

About three this morning there was a roar such as no man ever heard in the wild woods! It was Nixon yelling like a double-decked bull moose! That bird had crossed the lake, picked up a trail and beat it to a little way-back store where he got the boss out of bed and made him come across with all the Camels he had. The storekeeper kicked like a handful of aces—but, Bleak always gets what he goes after! It's the nerve, old tooth! And, now we're all filled with the milk of human kindness and Camel contentment! We'll get game!

Peter, think of digging up a bunch of Camels in the depth of Maine's densest woods! And, that's the way it is all over the U. S. A.! You're never out of luck when you smoke Camels! Peter, old hub, I've spoke—as the cook puts it!

Back in New York—well,—soon!

THE UNIVERSAL CAR

About Ford Cars—Solid Logic

The Ford car has been fundamentally right from the beginning. That fact made it "The Universal Car." It has always lead in the lowest first cost as well as in lowest cost to maintain and operate.

Runabouts, Touring, Car, Coupe, Sedan, Truck, and Fordson Tractor—we have them all and will make reasonably prompt delivery.

Simplicity has ever marked the designing and building of Ford cars, trucks, and tractors. Henry Ford and his engineers have always striven for simplicity with strength. The success of the Model "T" Ford car and a great part of the Ford Motor Company's success has come from an early understanding and appreciation of that principle in motor car construction. The fewer the parts in a car, fewer the parts to go wrong. When that simple truth is carried out in producing a car, as it is in Ford cars, trucks and tractors the result is bound to be a simplicity of design and building that means simplicity, durability and economy of operation.

This simplicity of construction proves itself in the ease with which Ford cars, trucks, and tractors are driven. Four million five hundred Ford cars in daily service proves every claim we make.

More than ever we are sure the Ford car is your necessity—let's have your order today.

MADISON COUNTY BOY

HAS ATHLETIC RECORD

Russell Todd, son of Mr. and Mrs. Luther Todd, of near Speedwell, who is studying in Louisville to become a dentist, is developing an enviable reputation as an athlete, and his efforts recently have placed him at the head of the Louisville Y. M. C. A. field and track work, he winning the cross country event. This is but one of the events in which he has participated and won laurels. The Cherokee Park event was also won by him, as well as a number of minor events. He has been pitted against some of the leading athletes of this section of the country in various events at college and has made what is termed a remarkably good showing. A recent running race in which he made a mile in 4 minutes and 40 seconds over a very muddy road, is said to be one of his latest achievements.

BOARD TO ACCEPT
3 SCHOOLS FRIDAYImportant Changes and Progress
Being Made By Madison As
Result of Co-operation

Three of the newest and most progressive schools of Madison county will be formally taken over Friday at a meeting of the members of the county school board at which time the members of this organization will be confronted with more routine business than for some time.

The buildings, which are practically all new, are the Speedwell, Big Hill and the Log Cabin schools. They are pronounced to be the most progressive, to be found in this part of the state and stand out as monuments reflecting credit upon the student bodies, instructors, the residents of the vicinities and County Superintendent B. F. Edwards. The latter has been untiring in his efforts to promote the progressiveness and general interest in the schools of the county and the year which will soon close will mark one of the most progressive in the history of local institutions.

There will be found at the Big Hill school a new library, sanitary drinking fountains, washrooms for both boys and girls, wash basins and other progressive features inside the buildings. There will be a cloakroom and other features not often seen in the country schools, and it is said the condition generally at this institution are the best to be found anywhere.

At the Log Cabin school, which structure has been built in a beautiful grove, will be found modern conveniences of unusual character. The residents of the neighborhood have cooperated with the teachers, and insisted upon the attendance being as nearly 100 per cent as possible, and have by repeated efforts in the way of entertainments, etc., created a fund which will be relied upon to still further the interests of the students. The students are addressed once each month by Miss Giles, of the Berea school, who oftentimes brings presents and makes interesting talks to the scholars.

The Speedwell school is another institution representing the most modern county school. There are all improvements to be found within the confines of the average city school building. The residents there have been holding community meetings and other gatherings in the interest of the school and are heartily cooperating in a telling manner. The acceptance of these schools will render the county school situation, according to Superintendent Edwards, the best in their history and as good as can be found in the country anywhere.

SUNDAY SCHOOL WORKERS

HERE WEDNESDAY NIGHT

Wednesday night at the Methodist church, Dr. William A. Brown, D. D., of Chicago, director of the commission of evangelism for the International Sunday School Association and George A. Joplin, of Louisville, secretary of the association, will speak in the interest of the world movement which has been apparent for some time. They are making a tour of the state and will visit a number of cities in this section and explain the work and its object.

Their aim is to promote interest regarding the Kentucky State Sunday School Association to strengthen the work generally and to assist the workers and stimulate interest everywhere.

COLORED COLUMN

(By W. B. Chenault.)

Mrs. Chenault Dead

Mrs. Lvenia Chenault departed this life Monday, November 29, at her home at 1002 Irvine street, at the age of 52 years. Mrs. Chenault was a member of Pleasant Grove church, having joined when only 14 years old. She was a devoted Christian, a faithful wife and an exemplary mother. Mrs. Chenault bore her suffering as only one who trust in Him who knows best for all can. She leaves to mourn her loss a husband, three sons, three brothers and four sisters, one grandson and a number of nieces and nephews. Funeral services will be held Wednesday, December 1, at 11 a. m. from the Calvinist Baptist church, conducted by Rev. T. H. Broadus and Rev. Wade Thompson. Burial in the New cemetery.

Delightful Dinner Party
Mr. and Mrs. Hugh Willis entertained very delightfully with Thanksgiving dinner in honor of Misses Sallie Phelps and Mary Allen, of Lexington. Covers were laid for Miss Phelps, Mr. Curtis Walker, Miss Allen, Mr. Henry Ross, Mr. and Mrs. Leonard Walker, Mr. and Mrs. Tyman Walker, Mrs. and Mrs. Charles Ferrell, Mr. and Mrs. George Tyles, Miss Ather Walker and Mr. Wallace Chenault.

See Jeff Covington if you wish the Daily Register left at your home. He delivers anywhere in the city.
Misses Sallie Phelps and Mady Allen, who have been the house guests of Mrs. Hugh Willis, left for their home in Lexington Monday morning. The Ladies' Aid meets at the residence of Mrs. William Chenault on Thursday afternoon at 3 o'clock.

Auction Sale

OF

Land and Personal Property

Wednesday, December 8

AT 10 A. M.

we will sell for Mr. J. F. Brewer his fine

Blue Grass Farm, near Foxtown,

Ky., Consisting of

130 Acres Well Improved

This farm is situated in Madison county, Ky., not far from Foxtown, 8 miles from Richmond, 19 miles from Lexington and 4 miles from Boonesboro, near Mt. Pleasant church on the R. and L. pike, and also near Republic church, and the new consolidated graded school in course of being constructed on the Boonesboro pike. Daily R. F. D. mail service on each pike. Telephone connection with the line on either pike can be easily made at small cost.

The residence is a comparatively new frame, metal roof, 8 room dwelling, 6 of them plastered. A commodious stock farm barn and a good sized new tobacco barn, each with metal roof. Under good fence inside and boundary. Neat yard and garden. Fine cistern at kitchen door. Farm well watered, lasting spring and pool. Lightly rolling and drained. Limestone formation upon which rests a deep blue grass soil suitable for corn, tobacco, hemp and timothy.

Offered in 2 Tracts and Then as a Whole

If not the best, this farm is in one of the best communities in Madison county which should be considered in estimating the desirability and value of a home for one's self and family. The fact that Mr. Brewer's chief investments and home are in another state, constitute his only reason for offering to sell this splendid home which adjoins the lands of Richard McKee, Richmond, Ky., and the Republican church site, and the home land of George Burgin and Wm. M. Jenkins, just across the Hick's mill road, and Dr. Perry, and Leslie Long, between my farm and the Boonesboro pike. Wood work and blacksmith shop, well stocked county stores nearby, thus supplying convenient market for all the minor farm products.

Conditions and terms liberal. Made known on day of sale.

Any intending purchaser need not fret about the terms. All that is wanted is the worth of this property and to be secured in the payment of the purchase money.

Title clean and unincumbered; possession will be given on the first day of January, 1921, tax free, but the right of ingress and egress will be retained till March 1, 1921, for the purpose of preparing and getting away my tobacco and other crops, but this right will not be exercised to the hurt or damage of the purchaser or his tenant.

After sale of the farm, there will be offered to the highest and best bidder 250 barrels of corn; 6 stacks of timothy, general line of farming implements and household goods, and one Buick Touring Car, and some good cattle.

Call at our office, we will be glad to show you this farm.
